

To whom

My name is xxxx, I am xxxx years old, I am from Chile and in this moment I'm with the working holiday visa in Canada. I speak French, English and Spanish. I currently live and work as employ at "Canopée lit - treehouses and bubbles perched in the forest, unusual accommodations", in the Saguenay region.

I arrived here in May and my work will end mid - October. For the winter season, I'm looking for paid work (40 hours a week or more) from mid-November: catering, gardening or customer service (housekeeping, sports and outdoor activities, guide ...): I'm absolutely open to all proposals!

I have already gained a lot of experience in these different areas over my working holiday visa around the world.

At Canopy lit, I work as a chef in the kitchen and I supervise a team of two people. I am in charge of the breakfast: from its home preparation (bread, compote, jam, granola) for about 50 people, per day, until its delivery to the huts. When I arrived, I also had to develop a "Brunch" which is now offered to both customers and villagers. I am in charge of preparing it every day at the restaurant. Finally, I also organized house pizza evenings for up to 30 people.

During the summer season, I participated in some outdoor projects such as the construction of a cabin and a shower. I was also trained in outdoor and indoor maintenance of cottages, bubbles and common areas.

In attachment, you can find my CV

Looking forward for your response.

Juanito Perez
